

RISK MANAGEMENT FOR **ARTISAN CONTRACTORS**

A missing piece of equipment or an accident at your customers home, and you could be facing an unwelcome lawsuit. Whether you're a carpenter, plumber, electrician, roofer or tree surgeon, you face your own unique insurance challenges. Make sure your coverage meets your risk, and have your insurance reviewed by our experts.

MEET OUR ARTISAN CONTRACTOR INDUSTRY EXPERT, NICHOLE LUCAS

Meet Nichole Lucas. Nichole has been working with Contractors for several years. She understands the risks associated with being a contractor and can build a customized insurance solution for all of your needs. Whether you're a one person show or you're with a larger firm running multiple projects, Nichole will solve your risk management needs.

I like working with Contractors because I appreciate the work they do every day in making our lives better. I want to make sure they are well protected. My customers expect the very best from me and as their trusted advisor they count on me to provide sound advice.
