

## RISK MANAGEMENT FOR THE SECURITY GUARD INDUSTRY

As the owner of a security guard company, the invaluable services you and your team provide your customers results in exposure to higher levels of risk. After all, you're responsible for protecting facilities and individuals from various types of threats. Make sure your coverage meets your risk, and have your insurance reviewed by our experts.

### MEET OUR SECURITY GUARD INDUSTRY EXPERT, LORENA DEWIT

Meet Lorena DeWit. Lorena delivers resources to help you achieve higher quality safety and HR solutions resulting in time savings and higher quality outcomes. She also offers sound advice on best practices for your company creating operational efficiencies.

“

*The security services industry presents unique challenges. I enjoy helping my customers find the right insurance program that fits their needs, and because I work with quite a few markets and programs, I know we are going to deliver a great solution.*
